Apply

Before you apply

To study at Nunavut Sivuniksavut (NS), there are a few entry requirements you'll need to meet:

- Be at least 17 years old when classes begin
- Have completed high school or an equivalent qualification
- For the year 2 application, you must have taken the year 1 program previously

Frequently asked questions about the application process

▶ *When do applications open?*

▶ *What's the acceptance deadline?*

▶ *Can I change my program after I accept?*

▶ *What if my offer has expired?*

Confirmation deadlines

Once accepted, you must confirm your acceptance to college by **May 1, or the offe will be withdrawn**, unless the offer was made to you after this date.

Travel

After you accept your offer, book your travel through FANS for the beginning of September

Orientation

During their first week at NS, students will partake in an unforgettable orientation at a beautiful and rustic cottage called Harris Farm. This week will be filled with ice-breakers, kayaking, hiking, campfires, cooking, and more fun activities. We encourage students to use this time to familiarize themselves with some new faces and learn more about the details of our program. By the time they leave orientation, students will certainly feel refreshed and confident to start their first semester at NS!

Waitlist

A wait list is established when the number of acceptable applicants exceeds the number of spaces available in the program. As space becomes available in the program, confirmed waitlist applicants are moved into the program based on academic strength and the date on which ontariocolleges.ca received the application.
